

Calls to Action (Government):

○ **Seminole County advisory boards & committees**

The Seminole County Board of County Commissioners recognizes the importance of volunteerism in effective and progressive County government. Following is a list of continuing and long-term Boards and Committees to which the Board of County Commissioners make appointments. An asterisk (*) denotes financial disclosure requirement.

Board members should have an interest or experience in the area of service desired and the necessary expertise to accomplish the goals and objectives of that Board. Many of the Boards require financial disclosure and, if selected, the appointee would be required by Section 112.3145, Florida Statutes, to file a Form 1, Statement of Financial Interests, with the Supervisor of Elections within 30 days of appointment. Anyone interested in serving on a Board or Committee must complete an Appointment Information Form available through the office of the Board of County Commissioners. Interested parties should call 407-665-7201. **Access Appointment Information Form if you wish to serve on a county appointed committee or board** <http://www.seminolecountyfl.gov/bcc/advisory.asp> and an appointment form is available at <http://www.seminolecountyfl.gov/bcc/form.asp>.
